## History of Forest Heights STEM Academy

Forest Heights STEM Academy began as Forest Heights Junior High School in September 1955, serving students in grades 7 through 9. It later became a middle school with a focus on students in grades 6 through 8. The school was remodeled in 2008 and 2009, adding two additional wings to accommodate the growing population. In 2014, the Little Rock School District transformed the middle school into a STEM school serving students in grades K-8. The current, newly renovated school is now a new source of pride for the Little Rock School District. It offers students with interests in Science, Technology, Engineering, and Mathematics (STEM) school-wide enrichment experiences, project-based learning, real-world applied learning, career awareness, and other STEM specific activities. Courses align with Common Core state frameworks and content standards and provide students with in-depth learning opportunities in the areas of science, technology, engineering, and mathematics. Programs also encompass higher level engagement of humanities, the arts, communication skills, and social studies concepts needed for students to develop into global citizens. Forest Heights STEM Academy is located at 5901 Evergreen Drive.

**School Mission:** The mission of Forest Heights STEM Academy is to prepare students to compete in our global economy by equipping them with skills that are not confined and isolated within one discipline, but are found between and across the disciplines of Science, Technology, Engineering, and Math.

Forest Heights STEM Academy is in its first year of operation, and is under the leadership of Maurecia Robinson, Interim Principal, Amy Cooper and Pamela Dial, as Assistant Principals. Forest Heights STEM Academy is a school-wide Title I school that serves K-8th grades.

Forest Heights STEM will engage parents in an Annual evaluation of the Title I, Part A Program. A comprehensive needs assessment will be filled out by teachers, parents and school staff. The Title I committee, made up of teachers, parents, and school staff, will determine the effectiveness of the parental involvement plan and make changes if warranted. The collection of evidence will provide helpful information on the (1) growth in number of parents participating in workshops and meetings; (2) specific needs of parents; (3) effectiveness of specific strategies; and (4) engagement of parents in activities to support academic growth. ### ***Parental Involvement Surveys***

At Forest Heights STEM Academy parents will participate in a parent interest survey. The survey provides information concerning the activities parents feel are most beneficial in supporting their child. The information is also used to plan parental involvement activities for the year.

Each year informational packets are distributed to parents that include: a copy of the school's parental involvement plan, a survey for volunteer interests, recommended roles for parents/teachers/students and the school, suggestions of ways parents can become involved in their child's education, and information about the system that is used to allow parents and teachers to have an open line of communication, via, notes, phone call, e-mail and Edline. Contact person: Shelia Wilkerson, Parent Facilitator, 447-2700. To encourage communication FHSA has developed a school wide web site, individual teacher web sites, and a PTSA web site. On our web site, parents will be able to check events, and view the parent involvement plan.

### ***Annual Title I Meeting***

Forest Heights STEM Academy conducts an Annual Title I meeting for parents of the students who participate in the Title I, Part A Program. The school's Annual Title I meeting is separate from any other meetings or activities to ensure that they have ample time to provide a description/explanation of school curriculum, information on forms of academic assessments that are used to measure student progress, and information on proficiency level students are expected to meet. The agenda, sign-in sheet, and the minutes for this meeting are generated separately from any other events and kept on file in Title I Facilitator's office.
