October 20, 2016

Dear Sky Hawk Families:

As the second nine weeks begins, I would like to thank all of you for giving the faculty and staff of Pinnacle View Middle School the opportunity to be a part of your child's life. We take the educational process very seriously and are continually looking for ways to improve our systems to help all students. The entire faculty and staff is committed to prescribing individual educational and social plans to help each child reach their goals and dreams.

I want to take a moment to celebrate some of our accomplishments over the first nine weeks. Our students are enjoying coming to school on a daily basis. This is a direct reflection on the hard work of all students, staff and faculty creating a culture and climate conducive to all students learning. Clubs are up and running. They will be held twice a month on Friday afternoons. The after school program began this week and students are enjoying working on personalized instruction.

Construction of Phase II is progressing very well. Students from our EAST class have been documenting the process on a weekly basis. Please continue to monitor our webpage for updates.

There are a few items I need help from you as parents. When you are calling the school to send information to your child, please be mindful that it does take time. We are more than happy to send a note to your child, but it is very important for our students to remain in classes. If it is an emergency, please let us know and we will have your child come to the office to call.

Next week is Red Ribbon/Spirit Week. Students will be able to dress up throughout the week to show their pride in our school and district. Even though this is a special fun week, we still must abide by the district dress code. Please help us during the week to monitor attire, especially on pajama day (Tuesday). Also, students are not to wear masks during spirit week or costumes on Halloween.

Recruitment night will be November 2nd at Pinnacle View. Please help us recruit new fifth and sixth grade students to our wonderful school. The event will be from 6:00 to 8:00p.m.. We will have several presentations led by our soaring Sky Hawk students. Get the word out to anyone and everyone who is interested in becoming part of the best middle school in the state!

Below is a list of important upcoming events:
