

Meet Ms. Yeatman

My name is Virginia Yeatman and love teaching 4th grade at Forest Park. I have been teaching 9 years in the Little Rock School District. Prior to that time, I was a full time mom and a travel agent for 13 years. Both of my children, Ellen and Chris, went to school at Forest Park. It's hard to believe that one has graduated from college, and one is in college. They still know the Forest Park School song! I graduated from Rhodes College in Memphis, Tennessee with a BA in History and have completed many post graduate hours in Education. My first teaching position was overseas in Pago Pago, Samoa!

In my spare time I love to walk my crazy dog, Jessie. Bridge is another hobby along with traveling and spending time with family and friends. I am constantly learning and that is exactly what I want my students to do and love.
